THE FIVE DON

The Palms and the Cross were but five days apart!

On Sunday, down a road strewn with palms, Christ rode triumphantly into Jerusalem . . . and men hailed Him as their King.

On Friday He climbed the rugged slope of Calvary . . . and they nailed Him to a Cross.

How suddenly good turns to evil! How quickly we sometimes lose our vision of God!

The paradox of those five days is history's striking lesson in the importance of a constant faith. The faltering, hot and cold sort of religion made possible the Crucifixion!

Palm Sunday you'll be going to Church. In a quiet moment in the sanctuary remember those five days . . . resolve to worship EVERY Sunday, and to live your faith EVERY day.

THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest factor on earth for

the building of character and good citizenship.

It is a storehouse of spiritual values. Without a

strong Church, neither democracy nor civilization

can survive. There are four sound reasons why

every person should attend services regularly

and support the Church. They are: (1) For his

own sake. (2) For his children's sake. (3) For the

sake of his community and nation. (4) For the

sake of the Church itself, which needs his moral

and material support Flan to go to church regu-

larly and read your Bible daily.

The Palms and the Cross were but five days apart!

On Sunday, down a road strewn with palms, Christ rode triumphantly into Jerusalem . . . and men hailed Him as their King.

On Friday He climbed the rugged slope of Calvary . . . and they nailed Him to a Cross. How suddenly good turns to evil! How quickly we sometimes

lose our vision of God! The paradox of those five days is history's striking lesson

in the importance of a constant faith. The faltering, hot and cold sort of religion made possible the Crucifixion!

Palm Sunday you'll be going to Church. In a quiet moment in the sanctuary remember those five days . . . resolve to worship EVERY Sunday, and to live your faith EVERY day.

The Church is the greatest factor on earth for

the building of character and good citizenship.

It is a storehouse of spiritual values. Without a

strong Church, neither democracy nor civilization

can survive. There are four sound reasons why

every person should attend services regularly

and support the Church. They are: (1) For his

own sake. (2) For his children's sake. (3) For the

sake of his community and nation. (4) For the

sake of the Church itself, which needs his moral

and material support. Plan to go to church regu-

larly and read your Bible daily.

the variety in form of government revealed by these returns of the 1950 census would cause an inconvenient lack of uniformity in the operation of local government. Want a lot of mileage for your money?

TTTI'M. admit that the price tags of automobiles—aren't what they used to be.

But it's just as true today as ever before that some price tags are lower than others, and some cars cost less to own than others.

So let's see how a Buick SPECIAL fits into the

Take first cost. If you put the price tag of this Buick against price tags of cars that have always been tagged as belonging in "the lowpriced field"-you'll find that. in actual dollars, a Buick's surprisingly close to these cars of lesser size and horsepower.

But that's just the beginning.

What you're getting here is Buick quality—this Special comes down the same assembly line that produces SUPERS and ROADMASTERS.

Its heft tells you it has extra sturdiness in frame and structure.

Its Fireball Engine delivers extra power. It is an eight, a valve-in-head, with high compression, and the miles you can get from a gallon of gas make it a thrifty performer.

You get Buick's Million Dollar Ride, which protects you—and the car—from jars and jolts.

Even the tires are bigger—which, any tire man will tell you, lengthens their wear.

And if you pay a bit extra for Dynaflow Drive* vou're easing the strain on the engine, the rear end, the tires—and eliminating clutch repair bills.

So when we talk about "mileage for your

money" we're talking about the miles you'll get from your car-including the unused miles that are what you have to sell when you trade

Maybe that's why Buick's doing so well in the present market. Why not come in and see what a great car this is for you?

Equipment, accessories, trim and models are subject to change without notice. While indervalls optional at extra cost when available. When Crests standar on ROADMASTER, optional at extra cost on other Series. *Standard of ROADMASTER, optional at extra cost on other Series.
